REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary as stated on the Table of Disputed Services: "Carrier paid 3% of facility's bill, quoting payment at Medicare Guidelines plus 20%. The explanation also states No MAR. TWCC Rule 34.401(a)(4) states 'ambulatory/outpatient surgical care is not covered by this guideline and shall be reimbursed at a fair and reasonable rate until issuance of a fee guideline addressing these specific types of reimbursements. Additionally, carrier requests implant invoices. TWCC Rule 134.401(c)(4) is a part of the INPATIENT Fee Guideline. This was an outpatient surgery. The request for implant invoices is inappropriate. Per 134.401(a)(4), outpatient bills should be paid at fair and reasonable. A 3% payment is not acceptable as fair and reasonable. I have enclosed a redacted eob for a similar procedure, paying at 72% of charges. This is more in line with the payments normally received for this type of service."

Amount in Dispute: \$20,413.12

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The provider is refusing to provide invoices for implants. This is unreasonable and does not justify its request for reimbursement. Because Requestor has failed to prove that the reimbursement received is not fair and reasonable, Requestor is not entitled to further reimbursement."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.

2. 28 Texas Administrative Code §134.1 provides for fair and reasonable reimbursement of health care in the absence of an applicable fee guideline.
3. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
4. This request for medical fee dispute resolution was received by the Division on October 23, 2003. Pursuant to 28 Texas Administrative Code §133.307(g)(3), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, the Division notified the requestor on October 27, 2003 to send additional documentation relevant to the fee dispute as set forth in the rule.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - M – No MAR
 - 45 – Charges exceed your contracted/Legislated fee arrangement.
 - 793 – Reduction due to PPO contract.

Findings

1. The insurance carrier reduced or denied disputed services with reason code 45 – “Charges exceed your contracted/Legislated fee arrangement” and 793 – “Reduction due to PPO contract.” Review of the submitted information finds insufficient documentation to support that the disputed services are subject to a contractual agreement or PPO contract between the parties to this dispute. The above denial/reduction reasons are not supported. The disputed services will therefore be reviewed for payment in accordance with applicable Division rules and fee guidelines.
2. This dispute relates to services with reimbursement subject to the provisions of 28 Texas Administrative Code §134.1, effective May 16, 2002, 27 *Texas Register* 4047, which requires that “Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers’ Compensation Act, §413.011 until such period that specific fee guidelines are established by the commission.”
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual’s behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. 28 Texas Administrative Code §133.307(g)(3)(B), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including “a copy of any pertinent medical records.” Review of the submitted documentation finds that the requestor has not provided copies of all medical records pertinent to the services in dispute. Although the requestor did submit a copy of the operative report, the requestor did not submit a copy of the anesthesia record, post-operative care record, or other pertinent medical records sufficient to support the services in dispute. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(B).
5. 28 Texas Administrative Code §133.307(g)(3)(C)(i), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “a description of the healthcare for which payment is in dispute.” Review of the submitted documentation finds that the requestor did not provide a description of the healthcare for which payment is in dispute. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(i).
6. 28 Texas Administrative Code §133.307(g)(3)(C)(ii), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “the requestor’s reasoning for why the disputed fees should be paid.” Review of the submitted documentation finds no documentation of the requestor’s reasoning for why the disputed fees should be paid. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(ii).
7. 28 Texas Administrative Code §133.307(g)(3)(C)(iii), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to send additional documentation relevant to the fee dispute including a statement of the disputed issue(s) that shall include “how the Texas Labor Code and commission [now the Division] rules, and fee guidelines, impact the disputed fee issues.” Review of the submitted documentation finds that the requestor did not state how the Texas Labor Code and Division rules impact the disputed fee issues. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(iii).
8. 28 Texas Administrative Code §133.307(g)(3)(C)(iv), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires that the request shall include a position

statement of the disputed issue(s) that shall include "how the submitted documentation supports the requestor position for each disputed fee issue." Review of the requestor's documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of §133.307(g)(3)(C)(iv).

9. 28 Texas Administrative Code §133.307(g)(3)(D), effective January 1, 2003, 27 *Texas Register* 12282, applicable to disputes filed on or after January 1, 2003, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the payment amount being sought is a fair and reasonable rate of reimbursement." Review of the submitted documentation finds that:
- The requestor's rationale for increased reimbursement from the *Table of Disputed Services* asserts that "A 3% payment is not acceptable as fair and reasonable. I have enclosed a redacted eob for a similar procedure, paying at 72% of charges. This is more in line with the payments normally received for this type of service."
 - The requestor submitted a redacted eob to support that paying at 72% of charges is more in line with the payment normally received for this type of service.
 - The Division has previously found that a reimbursement methodology based upon payment of a percentage of a hospital's billed charges does not produce an acceptable payment amount. This methodology was considered and rejected by the Division in the adoption preamble to the Division's former *Acute Care Inpatient Hospital Fee Guideline*, which states at 22 *Texas Register* 6276 that:

"A discount from billed charges was another method of reimbursement which was considered. Again, this method was found unacceptable because it leaves the ultimate reimbursement in the control of the hospital, thus defeating the statutory objective of effective cost control and the statutory standard not to pay more than for similar treatment of an injured individual of an equivalent standard of living. It also provides no incentive to contain medical costs, would be administratively burdensome for the Commission and system participants, and would require additional Commission resources."

Therefore, a reimbursement amount that is calculated based upon a percentage of a hospital's billed charges cannot be favorably considered when no other data or documentation was submitted to support that the payment amount being sought is a fair and reasonable reimbursement for the services in dispute.

- The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
- The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
- The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
